

Lab 1: Intro to PowerWorld Simulator

ECE 433 – Power Systems Stability and Transients

Lab Sign-off

Name	Student ID	CCID	Lab Section

Submit the following on eClass using the [*Submit \(Lab 1 - Results\)*](#) link before the postlab due date. Every student needs to hand-in their own results. Please merge all the following documents into a single pdf document in the following order:

- Use this completed scanned page as your cover sheet. Make sure your name, student ID, CCID and lab section are visible in the table above. You need to obtain the signatures below for completing that part of the lab procedure during the laboratory exercise.
- Answers to the Questions on the [*ECE433 - Lab 1 - Results sheet*](#).
- The Results tables on the [*ECE433 - Lab 1 - Results sheet*](#).
- The Data Preparation for Lab 2 tables on the [*ECE433 - Lab 1 - Results sheet*](#).

PDFsam Basic is a free and open source software that can be used for the pdf merge:
